

HOW TO GET STARTED WITH HOUSING PERKS

A step by step guide to downloading
and using our new tenant discount app

The Wrekin
Housing Group

How to get started with the Housing Perks tenant discount app

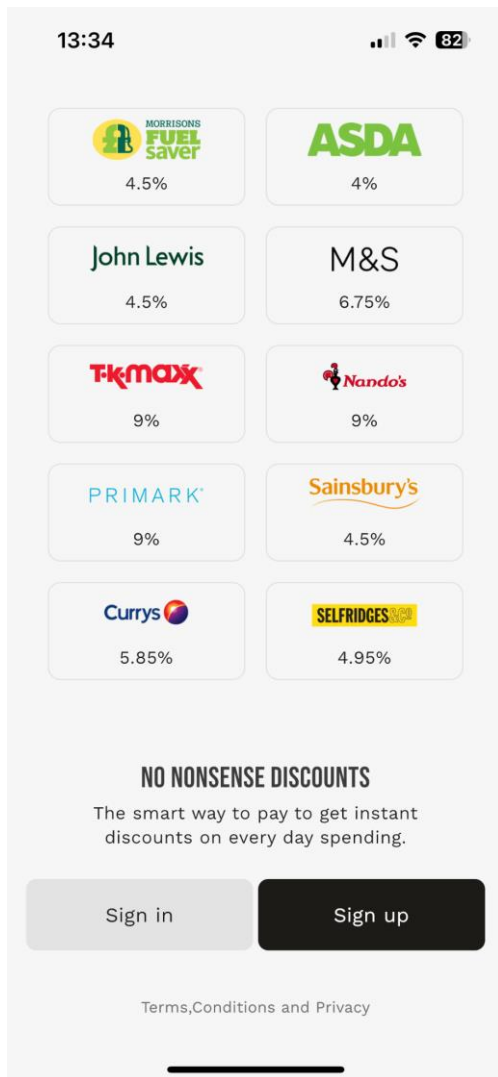

Downloading on to your mobile

Download the Housing Perks app from the Apple App Store or the Google Play store to your mobile phone, search '**Housing Perks**' and click to get/download.

We suggest you download it to the device you use when you are out shopping to get the most out of the discounts.

Can you have Housing Perks on more than one device?

You can share the Housing Perks app with anyone in your household, they just need to add their mobile number along with our organisation ID "**Wrekin**" and **tenancy reference** to sign up.

Press "Sign up"

Please note, you can share the Housing Perks app with anyone in your household, they just need to add their mobile number along with our organisation ID “**Wrekin**” and **tenancy reference** to sign up.

Look through the list of brands. You can search for a brand name, scroll through the list or use the categories to filter. The percentage shows how much discount you can get when purchasing an eGift card.

Most eGift cards can be used online or in store.

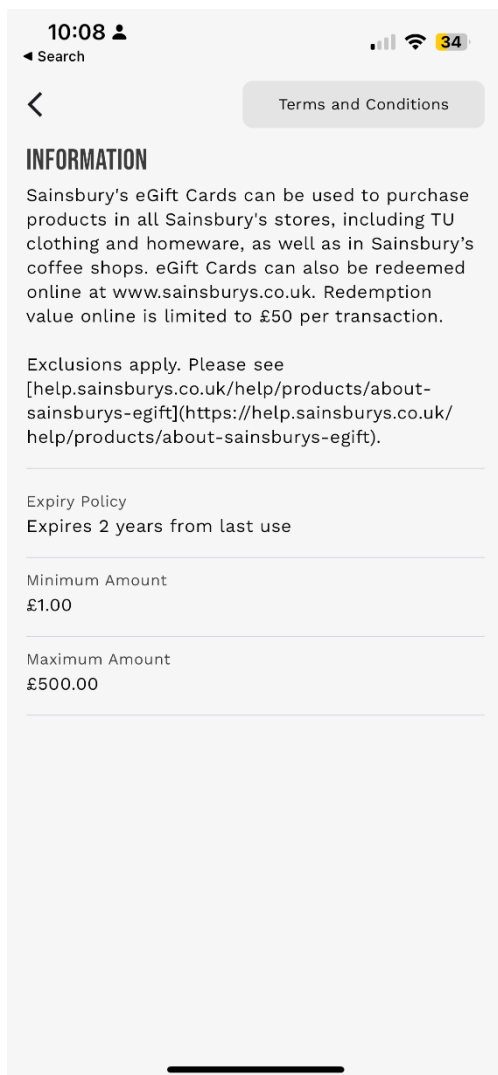

eGift cards are how Housing Perks provides discounts to users in a simple way.

Enter the amount you would like to spend on that brand. The amount you'll pay is below under "price".

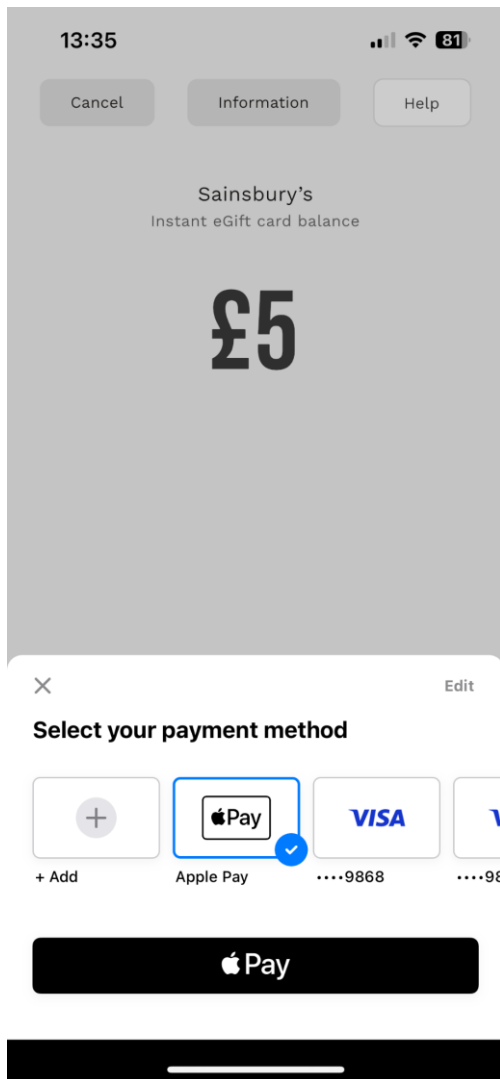

For example, you might go to Sainsburys and spend £19 on some shopping. The price in this case is £18.15. Meaning you'll only pay £18.15 to spend £19.

Press "Information"

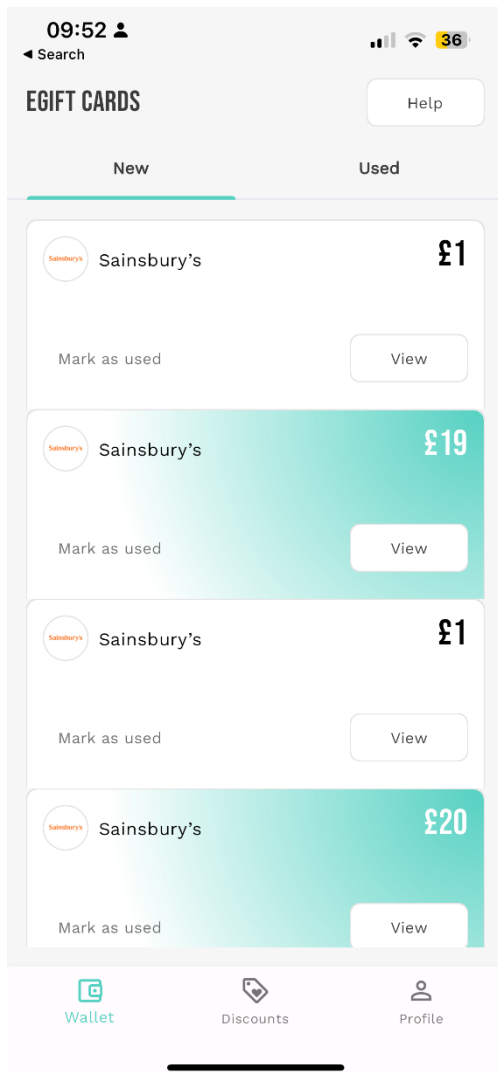

Make sure to read the information to check if there's any limitations on what the eGift card can be used for.

For example with Sainsburys online, the gift card is limited to £50 per order whereas in store it is not limited. For more detail, check the terms and conditions.

Choose how you want to pay for the eGift card.

If the payment is successful an eGift card will appear in your “**Wallet**”.

Click “**View**” on the eGift card when you want to use it.

Scan the barcode when you're in store or enter the long number below the barcode when you're online.

When you're done, press **"Mark as used"**. This will put the eGift card into the "Used" part of your wallet making it easier to manage the gift cards you've purchased.
